### *Thank you from Angela Clement's Family...*

Angela Dannette Clement was born May 10, 1971 with Prader-Willie Syndrome, a rare genetic eating disorder. Angie was received into glory February 8<sup>th</sup>, 2004. Angie's family would sincerely like to thank and express our deepest gratitude to several Doctors, community service groups and organizations that provided care and service to Angie over the past several years. Words are not enough to express our appreciation for the care and services provided to Angie, but we wish to acknowledge the following: Dr. Thomas and his staff that provided medical care for Angie over the years, the Emergency Room staff, (there were several EMT's that stopped by the ICU Unit just to check on her); the Skilled Care Center that took great care in making her comfortable and allowing all of her family to be with her; CIRSI and her wonderful friend LeAnn Shivley; Exel Medical and Econofood's Pharmacy (Randall's): Community Nursing and Dr. Clark. We also would like to extend our thanks to everyone for their support with cards and memorials.

The Salvation Army took Angie under their wing when Captain Cy and Jean Merchangta were leading the congregation. She loved her church, it was her second home and continued to be as Major's Craig and Jean Stoker lead the congregation. She was one of God's children and he has taken her home with him. She's now a special Angel and will be missed deeply by her family and friends.

We want to thank the ladies of the Salvation Army and the Rhodes Methodist Church who provided a very nice luncheon. A special thank you to Major's Craig and Jean Stoker who provided the very beautiful and ever so appropriate service.
