

A CENTURY OF LIVING

This material has been compiled to explain the early history of Collins and the area as depicted by the community ladies who made the centennial quilt. Many more things could have been included. Some of the quilt blocks made, had no published information to be found. If you are interested in family histories and pictures of early Collins, see the book written by Verlie Huggins, Remember When Collins & Collins Twp. 1848-1976.

The committee gives special thanks to Donna Ose for her initial research and organization taken from the early Collins newspapers; the Liberator, the Clipper and the Collins Gazette. The updates of the various chapters were written by the committee.

We tried to copy the exact spelling, capitalization and punctuation as the early editors wrote the articles and items.

Direct copies of material are from the Liberators, the Clippers and the Collins Gazettes. Also material was taken from History of Story County, Iowa by Allen, copyright 1887, History of Story County, Iowa, Vol. 1 by Payne, copyright, 1911, Geographical and Historical Memoirs of Iowa, copyright 1890, and History of Story County of Iowa, Vol. 2, copyright 1911.
