## OBITUARY

---

Le Roy Frank Flora, the infant son of Marie and Frank Flora, was born February 24, 1930, and stayed to gladden this family circle just 31 days, departing this life March 8, 1930.

He leaves to mourn his early departure, the father and mother, four sisters and one brother. We feel that this short life has, in some way made the world a little better for having been lived. While we mourn this loss, we know that the angels are happier today, because of this transplanted life.
