

Liberator: April 23, 1896

Dr. Sanders attended the meeting of the State Medical Association at Des Moines last Thursday and Friday.

Liberator: January 6, 1898

Dr. Sanders has just added to his office appliances a serviceable antiseptic chair to be used in surgery and a compressed air apparatus for the treatment of diseases of the nose, throat and lungs. The new chair is the second of the kind placed in the state of Iowa.

Gazette: June 18, 1903 (in part)

Dr. Sanders has sold his residence and practice to Dr. C.P. Soper of Ashton and will give possession about the middle of September. He will make his home at his land in Texas and is making the change primarily for his health.

Gazette: September 10, 1908 (in part)

Dr. R.W. Sanders' car of goods left for Hale Center, Hale County, Texas yesterday. He went with the car of goods. Along with his furniture, library, etc., he shipped his driving team, a colt, and his jersey cow The Dr. will practice the profession of medicine immediately after he gets out of the confusion of unpacking and is ready for business. Mrs. Sanders will stay in Collins for a time, or until her successor as postmaster is appointed and takes charge of the postoffice.

Dr. Sanders' change of location recalls to us, he has practiced medicine in Collins nearly fifteen years.
